Introduction

Introduction to Cambridge ESOL

The Teaching Knowledge Test (TKT) is designed and produced by University of Cambridge ESOL Examinations (Cambridge ESOL), a department of the University of Cambridge and part of the University of Cambridge Local Examinations Syndicate, which has provided examinations in English for speakers of other languages since 1913. Cambridge ESOL offers an extensive range of examinations, certificates and diplomas for learners and teachers of English, taken by over 1.5 million people a year, in more than 130 countries.

Introduction to TKT – a test of professional knowledge for English language teachers

TKT tests knowledge about the teaching of English to speakers of other languages. This knowledge includes concepts related to language, language use and the background to and practice of language teaching and learning and is assessed by means of objective format tests, which are simple to administer and to take.

TKT is designed to offer maximum flexibility and accessibility for candidates and therefore does not include a compulsory course component or compulsory teaching practice. However, it is likely that centres and other institutions will wish to offer courses for TKT preparation and these may also include some teaching practice, if desired. It should be noted that TKT tests teaching knowledge rather than teaching ability.

TKT offers candidates a step in their professional development as teachers and enables them to move onto higher-level teaching qualifications and access professional support materials, such as journals about English language teaching (ELT).

TKT candidates are encouraged to keep a portfolio, a record of their professional development and reflections on their teaching. Through their portfolio candidates should become reflective practitioners, analysing their teaching and how this impacts on their students’ learning. The portfolio does not form part of the assessment for TKT, however.

TKT can be taken at any stage in a teacher’s career. It is suitable for pre-service or practising teachers and forms part of a framework of Teaching Awards offered by Cambridge ESOL. This includes CELTA (Certificate in English Language Teaching to Adults); CELTYL (Certificate in English Language Teaching to Young Learners); ICELT (In-service Certificate in English Language Teaching); and DELTA (Diploma in English Language Teaching to Adults). These are based on the following content areas: subject knowledge, pedagogical knowledge, pedagogical content knowledge and knowledge of context. TKT covers the first three of these areas of knowledge, but unlike the other Teaching Awards, TKT does not assess knowledge of teaching context. This area is most appropriately assessed through teaching practice, which does not form part of the assessment of TKT.

Other teaching qualifications offered by Cambridge ESOL include two specifically designed for the further education and skills sector within the UK.

A summary of the entry requirements and content of Cambridge ESOL’s Teaching Awards can be found on the following page.

**Note:** Cambridge ESOL also offers IDLTM and the Young Learner Extension to CELTA. IDLTM is an educational management qualification and, as such, does not focus on knowledge about or practice of teaching. The Young Learner Extension to CELTA shares similarities with CELTYL, except that entry is conditional on candidates having completed CELTA.
An overview of TKT

- The aims of TKT
  - to test candidates’ knowledge of concepts related to language, language use and the background to and practice of language teaching and learning
  - to provide an easily accessible test about teaching English to speakers of other languages, which is prepared and delivered to international standards, and could be used by candidates to access further training, and enhance career opportunities
  - to encourage teachers in their professional development by providing a step in a developmental framework of awards for teachers of English

- TKT candidature

TKT is suitable for teachers of English in primary, secondary or adult teaching contexts and is intended for an international audience of non-first language or first language teachers of English.

Candidates taking TKT will normally have some experience of teaching English to speakers of other languages. TKT may also be taken by:
  - pre-service teachers
  - teachers who wish to refresh their teaching knowledge
  - teachers who are moving to teaching English after teaching another subject.

To access TKT, teachers need a level of English of at least Level B1 of the Council of Europe’s Common European Framework of Reference for Languages. This level is specified in the Council of Europe’s Threshold document (Threshold 1990, J A van Ek & J L M Trim; CUP August 1998). However, candidates are not required to have taken any English language examinations.

TKT candidates are expected to be familiar with language relating to the practice of ELT. A non-exhaustive list of teaching terminology is provided in the TKT Glossary, which can be found on our website: www.CambridgeESOL.org/TKT

Candidates are not required to fulfil any specific entry requirements for TKT.

Content of TKT

- TKT content outline

TKT consists of three modules. For each module, candidates are required to answer 80 questions by selecting a letter for the correct answer. As TKT tests candidates’ knowledge of teaching rather than their proficiency in the English language or their performance in classroom situations, candidates are not required to listen, speak or produce extended writing when taking TKT.

- Approaches to teaching and learning

A range of approaches to teaching and learning may be covered in the examination material.

Approaches which might bias against candidates from particular backgrounds or teaching contexts are avoided. Knowledge of communicative and other approaches to teaching is expected, as is familiarity with ELT terminology.

- Sources and text types used in TKT

Extracts, original or adapted, from the following sources may feature in TKT:
  - ELT coursebooks or supplementary materials
  - handbooks on English language teaching and learning
  - ELT journals and magazines
  - testing materials
  - grammar books and dictionaries, including phonetic transcription (IPA – International Phonetic Alphabet)
  - diagrams or other visuals
  - transcriptions of classroom talk
  - descriptions of classroom situations.
Module 1 consists of three parts.

Timing 1 hour 20 minutes

No. of questions 80

Task types Objective tasks, such as one-to-one matching; 3/4/5-option matching; 3-option multiple choice and odd one out.

Answer format For all parts of this module, candidates indicate their answers by shading the correct lozenges on their answer sheets. Candidates should use a pencil and mark their answers firmly. Candidates should use an eraser to rub out any answer they wish to change.

Marks Each question carries one mark.

Syllabus

This module tests candidates’ knowledge of terms and concepts common in English language teaching. It also focuses on the factors underpinning the learning of English and knowledge of the range and functions of the pedagogic choices the teacher has at his/her disposal to cater for these learning factors.

Part 2

This part of Module 1 tests candidates’ knowledge of factors underpinning the learning of English by speakers of other languages. It focuses on those learner characteristics which distinguish one learner or group of learners from another in terms of their learning and those which affect both what and how a teacher chooses to teach a class or an individual learner. It also tests candidates’ knowledge of aspects of the language learning process and their impact on teaching.

Candidates need to demonstrate an understanding of concepts and terminology related to the following and their implications for the L2 classroom:

Statements

60  The teacher moves from providing models of language use to monitoring learners’ use of language.
61  First the learners complete a communicative task; they are encouraged to use any English they know and they do not have to use any particular language item.
62  The written form of the language is more important than the spoken form.
63  The language focus is at the start of the teaching sequence, with fluency activities coming later.
64  The language focus comes after a communicative activity, so that learners notice gaps in their language.
65  Learners acquire language by trying to use it in real communicative situations.
66  The learners’ first language plays a central role in the teaching.
For questions 67-73, match the classroom activities with the types of speaking practice listed A, B or C.
Mark the correct letter (A, B or C) on your answer sheet.

**Types of speaking practice**

A. Oral fluency practice
B. Controlled oral practice
C. Neither

**Classroom activities**

68. The teacher gave us word prompts such as ‘cinema’ and ‘friends’, and we had to say them in sentences using the past simple, e.g. ‘We went to the cinema’; ‘We visited some friends’.

69. We listened to a recording of two people talking about their hobbies, then did a gap-fill comprehension task.

70. The teacher gave us roles such as ‘film star’ or ‘sports star’ and we had to role play a party in which we chatted to each other.

71. We had a discussion about the advantages and disadvantages of the internet.

72. The teacher read out some sentences, some of which were correct and some incorrect. We had to shout out ‘Right’ or ‘Wrong’.

73. We had to ask our partner five questions about their abilities, using ‘can’, e.g. Can you swim?

Teachers’ comments
73 Teachers of young learners find these a good way to motivate their students. Young learners can make their own and act out stories using them.
74 These can be based on authentic material but contain language that has been made easier for students. They can help students to develop their vocabulary.
75 These can help students to understand difficult texts.
76 These can be very useful, but finding suitable texts for low-level learners is often a problem.
77 Students find these useful because they provide ideas for what to say.
78 These provide enjoyable listening practice and can also be used as the basis for language work.
79 They can have many different uses, such as correction, feedback, setting the scene and comprehension questions.
80 I put these up around the classroom so that students can see their own work on display.

E. Ask the students to compare their work with their partner to give them confidence.
F. Stand back and listen from a distance.
G. Repeat the instructions and ask if they would like you to play it again.

For questions 71-75, look at the situations in which a teacher corrects students and at the correction strategies listed A, B or C.
Two of the correction strategies are appropriate in each situation. One of the correction strategies is NOT appropriate.

TKT test administration

Modular structure

TKT has three modules. These can be taken together in one examination session or separately, in any order, over three sessions.

Entry procedure

Candidates must enter through an authorised Cambridge ESOL Centre. A list of Cambridge ESOL Examination Centres is available from Cambridge ESOL from the address on page 1. Institutions wishing to become Cambridge ESOL Examination Centres should contact the Centre Registration Unit at Cambridge ESOL.

TKT is available throughout the year and Centres contact Cambridge ESOL to arrange a test date. Candidate details must be submitted to Cambridge ESOL at least six weeks prior to running the session. Please note that more notice may be necessary if candidates have special requirements and therefore need special arrangements (see below).

Candidates may not repeat a module within four months at any centre.

Copies of the Regulations and more details on entry procedure, current fees and further information about this and other Cambridge ESOL examinations can be obtained from the Cambridge ESOL Local Secretary in your area, or from the address on page 1.

Answer sheet completion

Candidates mark all their answers on OMR (Optical Mark Reader) answer sheets, which are scanned by computer in Cambridge. There is one answer sheet per module, and candidates must fill in all their answers within the time allowed for the test.

A sample OMR answer sheet can be found on page 44 of this Handbook, and it is useful for candidates to practise filling in an OMR sheet before taking the examination so that they are familiar with the procedure.

Grading and results

Grading

Each module is free-standing, and there is no aggregate score. Candidates receive a certificate for each module they take. Each question carries one mark, so the maximum mark for each module is 80. Candidate performance is reported using four bands.

<table>
<thead>
<tr>
<th>Band</th>
<th>A candidate at this level demonstrates</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>limited knowledge of TKT content areas</td>
</tr>
<tr>
<td>2</td>
<td>basic, but systematic knowledge of TKT content areas</td>
</tr>
<tr>
<td>3</td>
<td>breadth and depth of knowledge of TKT content areas</td>
</tr>
<tr>
<td>4</td>
<td>extensive knowledge of TKT content areas</td>
</tr>
</tbody>
</table>

Our trialling research indicates that for a candidate to achieve TKT Band 3, a score of at least 45–50 marks (out of 80) is required.

The reporting of results for TKT is subject to ongoing research. Further guidance on the interpretation of results will be issued in the future.

Notification of results

Certificates are despatched to Centres approximately two weeks after receipt of answer sheets by Cambridge ESOL. Please note that despatch of candidates’ certificates will be delayed if they need Special Consideration or are suspected of malpractice (see page 35).

Enquiries on results may be made through Cambridge ESOL Local Secretaries within a month of the issue of certificates.

Appeals procedure

Cambridge ESOL provides a service to enable Centres to appeal, on behalf of candidates, against assessment decisions that affect grades awarded to candidates, e.g. decisions relating to results and decisions relating to irregular conduct.

Candidates should first contact their Cambridge ESOL Local Secretary for advice. Further information about the appeals procedure can be found at www.CambridgeESOL.org/support

Special Circumstances

Special Circumstances cover three main areas: special arrangements, special consideration and malpractice.

Special arrangements

These are available for candidates with disabilities. They may include extra time, separate accommodation or equipment, Braille versions of question papers, etc. If you think you may need special arrangements, you must contact the Cambridge ESOL Local Secretary in your area as soon as possible so that the application can be sent to Cambridge ESOL in time (usually 8–12 weeks before the examination, depending on what is required).
Special consideration

Cambridge ESOL will give special consideration to candidates affected by adverse circumstances before or during an examination. Special consideration can be given where an application is sent through the Centre and is made within ten working days of the examination date. Examples of acceptable reasons for giving special consideration are cases of illness or other unexpected events.

Malpractice

The Malpractice Committee will consider cases where candidates are suspected of copying, collusion or breaking the examination regulations in some other way. Results may be withheld because further investigation is needed or because of infringement of regulations. Centres are notified if a candidate’s results are being investigated.

The production of TKT

Cambridge ESOL is committed to providing examinations of the highest possible quality. This commitment is underpinned by an extensive programme of research and evaluation, and by continuous monitoring of the marking and grading of all Cambridge ESOL examinations. Of particular importance is the rigorous set of procedures which are used in the production and pretesting of question papers.

The production process for TKT is the same as that for the Cambridge ESOL language examinations. It begins with the commissioning of materials and ends with the printing of question papers.

There are five main stages in the production process:

- commissioning
- pre-editing and editing
- pretesting
- analysis and banking of materials
- question paper construction

Question paper production cycle

Pretesting of TKT test material provides Cambridge ESOL with valuable information about candidates’ performance on particular tasks. Pretesting is also useful for Centres or institutions as it gives candidates the opportunity to familiarise themselves with TKT task-types under test conditions and to receive feedback on areas of strength and weakness. If your Centre or institution would like to be involved in TKT pretesting, please contact the Pretesting Unit TKT Administrator on +44 1223 553772.

Support for TKT candidates and course providers

General information on TKT, including administration details and downloadable versions of this Handbook and sample materials, can be found by visiting www.CambridgeESOL.org/TKT

Course providers and individual candidates can also access the TKT Glossary on this website.

Support material for teacher trainers is available on the Teaching Resources website www.CambridgeESOL.org/teach/TKT

The TKT Course, published by Cambridge University Press in collaboration with Cambridge ESOL, is available from mid-April 2005. This coursebook provides approximately 60–90 hours of classroom-based or self-access study, and includes practice tasks and tests.

Further support is also available in the form of seminar programmes in different countries. Contact Cambridge ESOL Information for further details by e-mailing: ESOLinfo@ucles.org.uk
Common questions and answers

Can candidates make notes on the question paper?
Candidates may write on the question paper during the examination, but their notes will not be marked. Candidates must complete an answer sheet, which is then scanned.

Does it matter if candidates write in pen or pencil?
Candidates must use a pencil to mark their answers on the answer sheet. Answer sheets marked in pen cannot be read by computer.

Is the use of dictionaries allowed?
No.

What is the mark allocation?
One mark is given for each correct answer.

Do candidates have to take all three modules?
No. The modules are free-standing. Candidates may enter for any number of modules in any order.

What is the pass mark?
Results are reported in four bands. There is no pass or fail. Candidates receive a certificate for each module taken.

What is the date of the TKT examination?
Dates are set by Centres in consultation with Cambridge ESOL, taking into account local needs and conditions.

Where can candidates enrol?
Your Cambridge ESOL Local Secretary can give you information about Centres where the examination is taken. Candidates enrol through local Centres, and not through the Cambridge ESOL office in Cambridge. Fees are payable to the local Centre.

How do candidates get their results?
TKT certificates are issued to Centres approximately two weeks after receipt of answer sheets by Cambridge ESOL.

Do candidates need to have taken a particular English language examination before taking TKT?
No. However, it is advisable for candidates to have a minimum language level of Council of Europe Framework level B1.

What kind of teaching terminology will be tested in TKT?
Opposite is the TKT wordlist which contains terms which may be used in TKT. A non-exhaustive list of the teaching terms and their definitions which could be tested in TKT can be found in the TKT Glossary at www.CambridgeESOL.org/TKT

What is the TKT portfolio?
The portfolio is an electronic resource in which candidates keep a record of their teaching experience, beliefs and aspirations for the future. The portfolio does not form part of the assessment for TKT. Candidates who register for TKT will receive more information on how to access their portfolio.

TKT wordlist

This list is indicative only. Other terms may also be used in TKT.

The words are entered into categories so as to help the reader. Some words could fall into more than one category and could appear in different modules. However, to economise on space each word has been entered only once. Candidates who are preparing for only one module should ensure they have an understanding of all the TKT terminology.

The TKT Glossary contains definitions of the words in this list and can be downloaded from www.CambridgeESOL.org/TKT
